

LED A19 Soft Cage

LED bulb, E27, PHASE, 6W, 2200K

The LED Bulb Soft Cage combines the classic A-shape with the latest LED flex filament technology, giving it a special aesthetic appeal. This LED lamp is particularly suitable for compact shade shapes and luminaires with lateral light emission. The flexible LED filaments look deceptively similar to real filaments and produce a warm, glare-free light that is perfect for decorative lighting purposes. Available in various traditional shapes, the Soft Cage in clear glass is fully dimmable and gives classic luminaires a modern touch.
